Tall, slim, angularly built, with suit of blue jeans and a linen waist coat, a smooth shaven face, except short stubby growth of dark whiskers under the chin, dull grev eyes, deeply sunken, and a almost expressionless face, with dark stiff hair slightly sprinkled with grey-such was the Democratic candidate for Governor of this State, as he stood before the people of Marshall county on Wednes day last. Of his manner of dress or style of speaking we have nothing derogatory to say—that is a purely personal matter; but of what he said crit icism is allowable. The refrain of his song was "economy," "stationery,"
